> PIRST BULLETIN. WASHINGTON, Sept. 2-8 P. M.

Major Gen. Dix, New York: This Department has received intelligence

this evening that General Sherman's advance entered Atlanta about noon to-day. The particulars have not yet been received, but telegraphic communication during the

night with Atlanta direct is expected.

It is ascertained, with reasonable certainty, that the naval and other credits required by the act of Congress will amount to about 200,000, including New York, which has not yet been reported to the Department; so that the President's call of July 18 is practically reduced to three hundred thousand men to meet and take the place of-1st. The new enlistments in the navy.

2d. The casualties of battle, sickness, prisoners, and desertion; and 3d. The hundred day troops, and all others going out by expiration of service this fall.

One hundred thousand new troops, promptly furnished, is all that General Grant asks for the capture of Richmond, and to give a fin-ishing blow to the rebel armies yet in the field. The residue of the call would be adequate for garrisons in forts and cities, and to guard all the lines of communication and supplies, free the country from guerrillas, give security to trade, protect commerce and travel, and estabpeace, order, and tranquility in every EDWIN M. STANTON, Secretary of War.

[SECOND BULLETIN.] WASHINGTON, September 2, 10 45 p, m.

Major Gen. Diz, New York: The following telegram from Major General Slocum, dated this day in Atlana, and just received, confirms the capture of that city:

"General Sherman has taken Atlanta. The 20th corps occupies the city. The main army is on the main road near Eastpoint. A battle was fought near that point, in which General Sherman was successful. Particulars not known. H. W. SLOCUM, Major General."

An unofficial report states that in the battle fought near Eastpoint, by Maj. Gen. Sherman with Hood, the rebel army was cut in two, with very heavy loss to the enemy, and that Gen. Hardee was killed. Our loss not known. EDWIN M. STANTON, Secretary of War.

IMPORTANT ARRANGEMENT RELATING TO

Gold, 139 %.

PRISONERS OF WAR We have authority for stating that an arrangement has been entered into between our own and the rebel government whereby the condition of our prisoners in rebel hands will be materially benefitted. Col. Ould, the rebel commissioner of exchange, submitted a proposition to our Government, agreeing to relieve all prisoners of war in their hands, in close confinement, and in cells and those in irons, and put them upon the footing of other prisoners of war, provided our Government would do the same towards rebel prisoners similarly held by us. Our Government has accepted the proposition, and Col. Ould has been notified of the fact. This will be good news to those in the North who have friends in close confinement in rebel dungeons.

FROM THE ARMY OF THE POTOMAC. General Meade on Leave of Absence-Gen.

Park in Command Temperarily. Information from the Army of the Potomac is to the effect that nothing has transpired for some days past. Picket firing is indulged on parts of the line at night, but almost entirely ceases during the day.
Gen. Meade left the front on Thursday eve-

ning, on a ten day's leave. Gen. Park being being at present the ranking officer in the army of the Potomac, assumes command on General Meade's absence. A private named Chandler, of battery K, 4th United States artillery, is to be hung today for desertion.

RELEASED. Some eight or ten of the rebel sympathizers arrested in Loudon and Fairfax counties a day or two ago were released from the Old Capitol this morning upon giving their parole of honor to do nothing injurious to the United States

Government, and not to furnish the enemy with any information relative to the movements of our troeps. Mr. A. Rodgers, a Virginia militia officer, who was arrested at the same time with those who were released, refused to give his parole on the ground that he could not conscientiously do so, as he had a son in the rebel army, and if that son returned home on a visit, and should be pursued by our cavairy in case of their hearing of his return, he would be bound to inform him of their approach, which would be a violation of the parole. Rodgers was re-committed to the Old Capitol.

REFUGEES LEAVING PETERSBURG. Six Irishmen, refugees from the South, arrived here this morning from City Point, from whence they were sent by Gen. Patrick, having come into our lines from Richmond. Several of these men resided at Petersburg, but say they were compelled to leave there and go to Richmond, owing to the fact that many of the residences in the former place have been nearly demolished by the destructive fire poured in from our guns. Col. Ingraham released all of these refugees upon taking the oath of fidelity to the United States Government.

INSPECTED.

The clerks attached to the headquarters of the Military District of Washington, were inspected yesterday by Maj. Pelouze, of the War Department. The duties of each clerk were inquired into, and their books, papers, and desks were thoroughly examined. The inspection proved to be a very satisfactory one.

POOR "WATCH" IS DEAD .- Shortly after the Metropolitan Police was organized, a fine rat terrier dog was adopted by the Fifth Ward men, who gave him the soubriquet of "Watch," and often when the men were on their beats he and often when the men were on their beats he would accompany them, and sometimes they would take him to some old building, which he would quickly clear of rats. In appreciation of his services the men bought him a handsome collar, on which was a silver shield bearing the inscription, "Champion rat killer of the Fith Ward." When the order for shooting unmuzzled dogs was issued, "Watch" was not forgotten, and a muzzle was placed over his mound; but it seems that this did not save his life, as a few days since one of the officers of life, as a few days since one of the officers of the Fourth Ward turned in the collar to the property clerk at the police headquarters, who returned it yesterday to the Fifth Ward offi-

WHOLESALE LARCENY .- Yesterday officer WHOLESALE LARCEMY.—Yesterday officer Donn, of the Fourth Ward, arrested Mary Hammond, colored, upon the charge of stealing from time to time from Mrs. Beveridge, proprietress of the Washington House. The prisoner was a servant in the house, but resides on the Island. Officer Donn recovered from the prisoner's residence sufficient to furnish a dwelling, consisting of beds, furniture, blankets, trunks containing female apparel, crockery, spoons, knives and forks, a pair of bracelets. pair of lace curtains, red merino curlets, pair of lace curtains, red merino curprisoner has been employed in the Washingn House for ten months past. A small lot of the property recovered was identified as the property of various persons in the house, and the mail bags are Government property. Wm. Hammond, the prisoner's busband, was arrested for stealing the mail bags. Justice Bos-well, sitting as magistrate of the Fourth Ward station house in the absence of Justice Giberson, committed the woman to jail for court and

her husband for a hearing. INQUESTS .- Last evening, Coroner Woodward held an inquest over the body of Thomas Gerlish, who was run over by the train near the Washington Depot, and the jury found that his death was accidental; that he was in liquor, and that in attempting to get on the cars he was drawn under the wheels and killed.

This morning, Coroner Woodward held an inquest over the body of George Dunnicliff, in Georgetown, a discharged soldier, who was brought to the Georgetown station-house last night, with a severe cut on his head, done by a negro, name unknown. It was at first supposed that he had died of intoxication, and the coroner, when called, declined to hold an inquest, but, after hearing hat deceased had received a blow on the head, he empannelled a jury and held an inquest. The jury found that Dunnicliff's death was occasioned by the blow received, and from the effect of liquor. Dunnicliff is from Philadel-phia, and his body has been embalmed by Drs. Brown & Alexander, and will be sent

A DIFFICULTY AT SOLDIERS' REST .- At the Soldiers' Rest, near the Depot, notwithstanding the excellent arrangements for receiving, forwarding and quartering troops, sometimes temporary disturbances will take place when turbulent men are in transitu. Day before yesterday, a number of the 2d Massachusetts cavalry (re-enlisted men) were in No. I Barracks, attempted to get out by overpowering the guard at the door, Peter Moran, Co. C, 19th V. R. C., and one of them struck him, when he bayoneted him in the side. This exasperated the man's comrades, and a desperate rush was made on Moran, during which a pistol was fired, and the ball took effect in Moran's abdomen At this juncture, the mess room guard rushed down, and forming in front of the door of the Barracks, succeeded, after four or five had received bayonet wounds in the leg and neck, in securing the ringleaders, four in number, who were subsequently sent to the Pro-vost Marshal's office, the others back in the Barracks.

CHARGE OF SEDUCTION -Last evening, of-ficer Harrison arrested a young man named John Acton on the charge of seducing Miss Gates under a promise of marriage, and refusing to support the child, and he was taken before Justice Cuil. Acton, it appears, had been paying his addresses for some time, and before the birth of the child he was arrested, but was released on promising to provide for its support, which he failed to do. Yesterday has said that he would not marry the girl and he said that he would not marry the girl, and would rot in jail first, and refused to give security for the support of the child, and in default was sent to jail.

DIED IN THE STATION HOUSE.—Last night a man named Geo. Dunnicliffe was carried to the station house, Georgetown, supposed to be suffering with mania a-potu. Doctor Richie was called to attend him; but the remedies were unavailing, and the man died about 1% o'clock this morning. It appeared that the deceased received a severe blow on the head a day or two since, but the doctor thought that of itself was not sufficient to cause death; but with the excessive drinking of intoxicating liquors, it might have resulted fatally. Coroner Woodward will hold an inquest.

AN ASSAULT.-Yesterday afternoon a man named Solomon Rosenfield became disorderly in the Depot, and he was arrested by Officer Clements and taken before Justice Ferguson, who imposed a fine of \$2.58 upon him. He however, refused to pay it, and, turning to the prosecuting witness, (Myers Jacoby,) struck and kicked him, when the justice committed him to jail for an assault and battery.

A singular phenomenon occurred recent-ly on the line of the Atlantic and Great Western railway, near Wooster, Ohio. All at once the embankment and track disappeared in the most mysterious manner. Upon examination it was found that about a hundred feet of the road had been sunk, and was continuing to sink, while into the cavity formed, black mud and heavy streams of water gushed from below. With the water were thrown up a num-ber of eyeless fish, still living. The "sink" is one of great depth, and considerable difficulty will be experienced in filling it:

A gentleman in New Jersey recently enlisted a substitute, for which he paid \$500. When they parted the recruit promised to write at the first apportunity. It usually takes four hogsheads of fish to make one barrel of oil. This season it requires but a little over one hogshead. The oil, which three years ago sold for \$9 per barrel, now sells readily for \$40, and herring which last year commanded 25 cents per box, now sell for 70 cents .- Portland Advertiser.

The Peekskill Democrat says that one day last week three charks, the largest measuring over five feet in length, were captured in the Hudson river, near Underhill's Point, Westchester county. They were of the cani-bal tribe, regular man eaters, and there are probably more of the same sort raiding up and down the river, seeking whom they may de-

He was never generous but once, and that was when he gave the itch to an apprentice boy; so much for his goodness of heart. Of his industry, he says the public may judge, when he states that the only time he ever worked, was when he mistook castor oil for honey.
